

Instructions for Parents

- 1 Your child can colour the pattern before you make the cut out paper stand.
- 2 Cut out the design along the outside lines.
- 3 Fold the paper along the middle line so that you can see Pocoyo and his car on each side.
- 4 Carefully fold along lines of triangle and bend inwards.
- 5 Carefully cut out the slot in the flap.
- 6 Tuck flap in the slot along the bottom to hold the paper stand together. (Or use clear tape).
- 7 Ready! Steady! Go!

Ask your parents to help you make Pocoyo's car!
